

Yesterday, Manager "Jack". Darrah, of the Wheeling base ball club, was in the city in consultation with the owners of the club. He has arranged for gathering the Nailers at Stenbenville, next week, where they will do their preliminary work on account of there being no available grounds in readiness here. The Wheeling team will probably

here. The Wheeling team will probably play no exhibition games before the epening of the season, unless it is with a Steubenville amateur team. The architects, Franzhelm, Glessey & Farls, will have the plans for the base ball park ready for inspection this morning. Bids will be taken at once and the contract let early next week, it will be necessary to rush things along at a rapid gait in order to have the park ready for the opening games on April 20 and May I and 2. Possibly the games may be played in Washington, where the grounds are already in shape for playing. IN THE INTER-STATE LEAGUE

come reports of the teams getting ready for the season's opening, on Thursday, April 30. At New Castle Manager Faats has succeeded in getting the signature of another pitcher. He stands six feet and three and a half inches and weights just 123 pounds. He is from Key West, Fla., and is said to be a first class man. He can span the ball with his fingers, something that is said to be unusual. Mr. Faats has notified all of his Youngstown beaters to be in New Castle by the 15th of the present month, says the Courant-Guardian. The work of fixing the ball grounds has already commented and will be completed within a very few days. The suits will arrive in plenty of time for the opening game at Youngstown.

opening game at Youngstown.

Of the Fort Wayne team, the Gazette says: Krieger, the Michigan catcher, will be the best back-stop in the league. The team has a surfeit of good things in the out-field. Of course Gray is a star of the first magnitude. Summer arrived Thursday, and his appearance, supporting the excellent reports of him given by the Cleveland players who have seen him in action, practically assures him of a place. Genet, Hoffman and Walker are left apparently, to fight it out, for the other field. The infield is short. Thurston is on hand at short, but second and third bases are in doubt. Hamilton is taking a try at second, and gives some indications of playing the bag better than the back-stops. Blake is at third for the present, and Manager Tebeau is in his position at the infield bag. Carrick and Swain are giving great promise in the box, and with another pitcher, will amply fill the bill.

The announcement that Youngstown

The announcement that Youngstown will play no Sunday games at home "goes." No such games have been played there since the 'eighties. When the Tri-state league was in existence Wheeling and Youngstown were playing there Sunday when the Law and Order society had the game stopped and each of the players was fined \$10. Since then there has been no Sunday ball through fear of arrest.

since then there has been no Sunday ball through fear of arrest.

Over at Washington, Manager Curran is hustling in great shape. The Observer says the management of the team is rapidly getting the players in line and from the character of the men slready signed the team is sure to be a fast one. As soon as the new league became assured Mesers. Curran and McKeown began casting about for desirable players and have thus far succeeded in landing about twenty men. The make up of the team has not yet been secured up to date are as follows: Pitchers, J. A. McIlvaine. of Omaha, Neb.; Robert McCleary, Martin's Ferry, Ohio; J. F. Riley, St. Louis, Mo.; and Edward Beadle, Carrokon, Ohio, catcher, Grant Briggs, Oil City, Pa.; first base. Tom McKim, Pittsburgh; second-base, Jimmy Kuhn, Belle Vernon, Pa.; third base, Charles Cassell, Ashland, Ohio: short stop, Captain Curran, Washington, Pa.; out field, Brock Brown, Mariin's Ferry, Ohio; Steve Griffin, Tylerdale; Thad Troy, Clarington, Ohio; Frank Jones, Butler, Pa., and Edward Clarkson, Pittsburgh.

Applications for trials on the team inave been received by Manager Curran from many other men with good reputations, and it is likely that a number of new ones will be given a chance The men already signed will report on next Wednesday. April 15, for practice, and work will be kept up steadily until the opening of the season.

The suits, one dozen of them, were ordered several days ago and will make a plensing appearance. The shirts and pants will be of tan material, with black caps, belts and stockings. The sweaters were ordered Thursday and will be red with a white "W" on the breast. The uniforms are expected to be here the first of next week.

Work was commenced several days ago laying out and fixing up the diamond at the fair ground, and it is expected that it will be in condition for use by to-day. The many admirers of base ball in Washington will be delighted to know that the town is at last to be represented in a professional organization and the prospects for good financ

The interest in to-day's sports at the stadion excelled that of any previous day, as it was the day for the foot race from Marathon to Athens, an event that had been looked forward to with more excitement and impatience than any other on the programme. The fact that three Greeks were the first ones in this race has stirred up the population to the deepest enthusiasm. There were fully 80.000 persons within the enclosure of the stadion besides thousands on the high ground surrounding it when the victor in this race, young Louis, was brought in to receive the trophy offered to the winner. When the Crown Prince Constantine, Duke, of Sparta, greeted Louis, the vast assemblage looking on, became fairly frantic and paid a tribute to the prowess of their victorious countryman such as the Epic hernes of antiquity might well have envied had they been here to see it. Great interest was manifested also in the running races and track athletics in which the American teams carried the "stars and stripes" to victory in every event.

SOME FINE BOWLING.

Last Evening's Match Games Attracted a Large Crowd-Hervey, Handlan and Campbell Beaten by Stevenson, Scott and Turner.

Last evening's match games at ten-pins between teams of three composed of the best bowlers in the city, Hervey, Handlan and Campbell on one side and Stevenson, Turner and Scott on the Stevenson, Turner and Scott on the other, attracted a large crowd of lovers of the bowling game. Before the games it looked to be about an even thing between the two teams, but the "Great Scott" aggregation got away with the Nameless-Brownies combination with the greatest ease. Will Day umpired the games with his accustomed fairness and eclat. The games were for \$50 stakes. The scores:

Spring Requires

That the impurities which have accumulated in your blood during the winter shall be promptly and thoroughly expelled if good health is expected. When the warmer weather comes these impurities are liable to manifest themselves in various ways and often lead to serious liness. Unless the blood is rich and pure that tired feeling will affilict you, your appetite will fall and you will find yourself "all run down." Hood's Sarsaparilia tones and strengthens the system, drives out all impurities and makes pure, rich healthy blood. Hood's Sarsaparilia is the one true blood purifier and the best spring medicine. Every woman should be particularly careful of her health during the period of gestation—when the child is really a part of herself.

During all this time, she should keep her body strong and pure and she should take proper precautions against her time of labor. For this purpose Dr. Pierce's Favorite Prescription is prescribed. It has been used in thousands of cases, with the most gratifying results. It is a tonic to the whole body, but particularly to the organs distinctly feminine.
